

We would like to introduce you to the College Program of Carl Benz School of Engineering!

The College Program was developed over the past 15 years to provide international students the tools, skills, and experiences they need to achieve academic and professional success. It has played an integral part of the Carl Benz School's experience in optimizing students' academic success and providing a special community to international students studying at the Carl Benz School.

Check out the infographic on the next page for a comprehensive list of services the College Program provides to ensure your continued academic and personal success in your Mechanical Engineering studies.

Comfortable Living Arrangements

- o Access to more comfortable living arrangements with **on-campus housing** exclusively offered to College Program participants. Live directly on campus with your friends and fellow students and enjoy the on campus college experience with professional English-speaking staff happy to assist you with all your accommodation needs.

Access to academic counselling and mentoring programs to optimize your academic success

- o The Carl Benz School's student counselors provide additional support services for your daily administrative student needs. Visa services, finding and selecting a health insurance provider, translation services, and open door counseling are at your immediate disposal.
- o Our professional counselors are also more than prepared to assist you in your academic needs through providing extra tutorials, exam preparatory programs, previous exams, and supplementary training in soft skills, time & self management, and team building workshops.
- o With the **Academic Support Program** you receive the opportunity for a more exclusive contact to esteemed lecturers and their peripheral support in your academic development.
- o **Supplementary language courses** for both German and Academic English. From the basics all the way to fluency, the College Program offers you the opportunity to acquire a foreign language and hone your skills in English through tailor-made courses fitting students for the aptitude needed to prepare reports or write a B.Sc. Thesis. It will also equip you with technical vocabulary, you will require for your studies and future technical career.

Improved career opportunities

- o Access to long-standing professional and industrial networks allowing for straightforward contact with major employers and opportunities for internships or direct entry.
- o Career guidance with workshops, individual guidance and planning, and assistance in finding internships ensuring a well prepared transition to a future career.
- o With the **Smart Factory** internship program, you can take advantage of the opportunity to combine your theoretical knowledge with a chance at practical application in a the real world under the watchful eye and guiding hand of a participating industry partner.

Don't miss out on this key services offered exclusively to students of the Carl Benz School.

Accepting the offer of the Carl Benz School's College Program is not a choice made for you, it is one you must decide to make for yourself.
